

Middle Years Programme (MYP) Teacher – International School Ghent

Job title MYP Teacher of **Mathematics** and **Design**
Based at International School Ghent (ISG), De Pintelaan 258, 9000 Ghent

Introduction

The Secondary International School Ghent (ISG+) is a small-scale and close-knit school, catering to students aged 11 to 15. Our commitment to smaller class sizes enables us to provide tailored education suited to the specific needs of our students. We opened up the first two years of the Middle Years Programme (MYP 2 & 3) in September 2023. As we are rolling out MYP 4 in the 2024-2025 academic year, we are looking for an enthusiastic MYP teacher of Mathematics and Design who is keen to be part of our school and commit to our vision and values.

Role overview

As the MYP Mathematics and Design teacher, you will play a pivotal role in shaping the academic journey of our students. Your responsibilities extend beyond traditional subject boundaries to provide students with a comprehensive and interconnected learning experience. In our small school context, you will have the opportunity to work independently, collaborate closely with colleagues, and tailor your teaching approach to meet the unique needs of our students.

Key responsibilities:

In this role, you will:

- Plan and deliver dynamic and engaging lessons in Mathematics and Design, leveraging inquiry-based and hands-on learning approaches within the Middle Years Programme framework.
- Integrate interdisciplinary connections between subjects to deepen student understanding and foster a holistic approach to learning.
- Assess student progress and understanding through a variety of formative and summative assessment methods, providing timely and constructive feedback.
- Cultivate a collaborative and inclusive classroom environment where every student feels supported, challenged, and inspired to reach their full potential.
- Embrace the flexibility and autonomy inherent in our small school environment, taking initiative in curriculum development, extracurricular activities, and cross-disciplinary projects.

Qualifications and requirements:

- You hold a master or bachelor's degree (or a diploma of an equivalent level) in Education
- You hold a master or bachelor's degree (or a diploma of an equivalent level) in Mathematics, Design, or a related field
- You preferably have professional experience in teaching Mathematics and/or Design in an international environment. Experience in teaching in the IB MYP curriculum is an advantage.
- You have an excellent level of English: native speaker or level C2 (Common European Framework of References for languages)

What we offer

- A part-time (0.5 to 0.8 fte) fixed term position starting August 26th, 2024, with possibility of becoming permanent.
- A stimulating and supportive working environment.
- Compensation aligned with your years of applicable professional experience, based on salary scale 501.

How to apply

Please complete the application form and accompany this with a letter of motivation and your Curriculum Vitae. Documents should be emailed to info@isg-ghent.org.

Please contact the office if you would like to visit our school and meet us in person!

Closing date

Applications will be processed on a rolling basis with a final deadline of June 1st, 5.00pm. As shortlisted candidates will be interviewed as soon as possible, we strongly encourage early applications. Should we find a suitable candidate for the position, we may appoint a successful candidate prior to the deadline of June 1st.
